

SCHEDULE | AUGUST 23 – OCTOBER 28

Open Spaces includes both visual and performing arts experiences. Previous pages outlined The Exhibition, featuring work by more than 40 visual artists. On the following pages you'll find information about performing arts experiences that are part of Open Spaces.

Performances and activities curated by Open Spaces are listed in bold on the schedule. Others are part of The Expanded Field, a wide range of activities offered by Kansas City's talented artists and groups.

We highly recommend checking the Open Spaces website before heading out, to be sure nothing has changed: www.openspaceskc.com.
